Target version:			
Description			
Been meaning to add a simple way to switch mode from keyboard.			

History

#1 - 06/10/2018 08:12 PM - foft

Added something simple...
Press F11 to go to menu.

Then press:
P: PAL
N: NTSC
R: RGB
A: SCANDOUBLE
D: DVI
H: HDMI
V: VGA
S: SVIDEO
C: COMPOSITE
Z: Toggle composite sync
X: Toggle scanlines

#2 - 06/10/2018 08:12 PM - foft

- Status changed from New to Closed

Will release in v24

#3 - 06/10/2018 08:19 PM - foft

+ Added 1,2,3,4 for profile switch + load

#4 - 06/10/2018 08:35 PM - sadosp

Marvelous!
So many keys, but still wait for the day to add the fire key on keyboard!

#5 - 06/10/2018 08:52 PM - foft

I think its on the right windows key, checking...
