EclaireXL - Feature #79

SDHC and SDXC support

03/05/2019 09:58 PM - foft

Status:	New		**Start date:**	03/05/2019
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:			**Estimated time:**	0:00 hour
Target version:				

Description

Test and improve large SD support.

Three issues expected:
i) Fat version (exfat vs fat32)
ii) Card initialization
iii) Sector size

Hoping that much can be supported by just tackling (ii). Can ask users to format fat32.

History

Tested my 32GB card from the Pandora and its working. This is the maximum supported by the Chameleon menu right now.
