Got this working as part of the port on chameleon 2.

Need to apply the same updates to chameleon 1.

Working on the backport now chameleon 2 is working well...

#3 - 05/20/2019 10:56 PM - foft

Same flash chip as I'd used on the Eclaire... Pretty luck! Anyway the backport seemed to work without issue so far, just some plumbing.

#4 - 05/25/2019 07:57 PM - foft

Jens confirmed that they are all using the same flash chip.

Backport looking good to me...
